CLARK GATE COMPANY

LEXINGTON, KY.

Did You Know

That Swinebroad, the Real Estate Man of Lancaster, will sell at Public Auction, farms in Mercer, Boyle, Garrard and Lincoln counties in the month of September?

If you contemplate buying a farm-large or small-you can afford to wait for these sales. Swinebroad "ALWAYS SELLS."

Everybody knows why.

Ask him about these farms. He will tell you about them and show them to you. He knows land values and will offer for sale only those farms which are desirable and appeal to the buyers and can be purchased worth the money. Most of these farms will be subdivided and sold to suit the purchasers. If you want to sell your farm talk the business over with Swinebroad, right away before desirable dates are taken.. Swinebroad has some good farms for sale privately and he will price them right. No boosting and adding to the owner's price.

The greatest Real Estate event of the year will be subdivision and auction sale of 350 acres of land just at the city limits of Danville. City lots -truck gardens and 5 to 30 acre homes and

farms.

If you want to buy real estate or if you want to sell real estate, it will pay you to "Get in touch" with

Swinebroad, of Lancaster, Ky

EVANS BOOKING BIG LAND SALES

From present indications more Madison county farms are going to be sold this fall than for some time in the history of this splendid county. Already first arnouncements are being made of number of splendid places which are going under the hammer and others are yet to follow.

Real Estate Agent L. P. Evans, of Richmond, has his hands full] arranging for sales of valuable places. Mr. Evans has had remarkable success the past few years in conducting successful sales and his services are greatly in demand. At present he is arranging the details and advertising sales of the Clay, Miller, and Elbert Wagers farms and the home of Mrs. Hobson in town. He is making up his dates and booking for additional sales for the fall, and has energetically gone to work to make a record for high prices on Madison real estate this season.

WHITE HALL

Miss Elizabeth Dunn and daughter, of Mrs. Arch Dunn have been in the Gibson infirmary for several days suffering from tonsilitis.

Miss Mayme Sexton has had as her guests the past month, four of Mrs. Sexton's nieces, of Corbin.

Mr. Dick Igo is having a large tobacco barn erected on the Alex Igo piace.

Mr. John Crawford lost one of his woek mules last Wednesday night. It was struck by lightning while taking shelter under a tree from the rain.

Mr. George Noland, who resides at the Thomas Collins farm, has been dangerously ill for the past week, caused by eating watermelon.

Next Sunday which is the fourth Sunday, is Bro. Matherly's regular day at Mt. Pleasant. We hope he may have a good sized congregation. Mr. and Mrs. William Hall are the fond parents of a little daughter, which has been christened Mary

Quite a number of our farmers are having a supply of winter coal laid in, which is very sensible, for those who wait for winter have had trouble in getting it for the past few years.

Mr. Tine Whitlock and wife, Mr. Green Stocker and family, of Richmond, were guests of Mr. Charley Baldwin's family last Sunday.

Daniel Long and family, of Kirksville, were guests of Robert Gaines and family last Sunday.

Mrs. James Oldham and daughter, Mary, will leave Tuesday for a three months' stay in Michigan.

Miss Mabel Goins, who had to leave school last week on account of sickness, is much improved, we are glad

Mr. and Mrs. John Sexton enterained quite a number of their friends last Sunday evening at six o'clock dinner. They were from Winchester and Richmond.

Winchester Wants River Water The Winchester city clerk has been directed to advertise the sale of the \$180,000 worth of waterworks bonds for Sept. 9, and to advertise for bids for the construction of a waterworks plant to furnish water from Kentucky river for municipal and private purposes to be opened on Sept. 19. It was suggested to the council that a committee of citizens of Winchester is forming a company, and preparing a proposition to be presented for a contract to secure water from the river. A letter addressed J. D. Simpson from B. R. Jouett, attorney for the water company, was read. After its reading, it moved and passed that further communication with the present water company was discontinued.

In Bourbon county during a rain and electrical storm the tobacco, stock and feed barn of Jonathan Burriss, near Little Rock, was struck by lightning and destroyed. The barn was partially covered by insurance. The contents, consisting of two thousand bushels of grass seed, worth \$1.60 a bushel, and fiften tons of baled alfalfa hay were lost.

A double wedding occurred at Thorton creek near Sergent in Letcher county, Jesse A. Holbrook, 25 years old, of Sergent, was married to Miss Mary Proffitt, 18, of Rockhouse, and Mayo M. Stallard, 18, of Thorton creek, was married to Miss Nora Webb, 16, daughter of Lee

At Carlisle speculators and traders are purchasing weaning mules, and are paying from \$30 to \$80 a head. Several car loads were purchased during the week at an average of from \$45; to \$50 a head. Suckling calves are bringing about \$25 a head. Ewes of a godd quality are bringin

234 ACRES FINE LAND 234

Just the Right Size for a Real Farmer

Thursday, August 28, '19

At 10 O'clock A. M., on the Premises

I will offer for sale the fine farm of Mr. Elbert Wagers, known as the Joe Jones farm, situated on the Moran's Mill turnpike, and in one of the best land belts of Madison county.

Just Think of the Opportunity

All of this land is in grass except about 60 acres which is in corn and tobacco.

Located on the place is a good 8-room dwelling, stock barn, smokehouse, hen house, coal house, six acre combination stock and tobacco barn with concrete silo of 195 tons capacity. There is also a garage on the premises, also an orchard. Everything that is needed to make a comfortable home. There are also two ten-

ant houses on the farm

The place is well watered by ponds and springs besides having a frontage in Silver Creek, that famous creek upon which more fine tobacco is raised than any other creek in the world.

This is the time to buy a farm. Don't put it off, because farms are going to continue to rise in value -not fall. The longer you wait the more the farm you have been wishing for will cost you.

Come to this sale. You may get a bargain. It is going to change hands on August 28th, 1919, between the hours of ten and eleven o'clock, rain or shine. and if you want it, be there.

Don't Be Late---You May Miss It

Possession will be given January 1st, 1920, and terms will be liberal and will be made known on day of sale.

RICHMOND, KENTUCKY

Quarters Ready Business

The Madison Electric Company have moved their office and display room from over the Western Union to rooms over Stockton's Drug Store where they will be pleased to talk with you over matters electrical.

The farmers are recommending very highly the **DELCO LIGHTING SYSTEMS** which this firm has installed in the past month, and right now before the cold weather sets in would be a mighty good time to talk the matter over with them.

MADISON ELECTRICAL CO.

Davison & Telford, Managers

W. Cars G. Majmono, Joseph County Dured by Afternoon, August 21, 1919

O. T. Wallace, one of the members of the United Realty Company who in Richmond conducting the lot sale on Lancaster avenue, has been very active in the sale and transfer of Blue Grass farm land in the past few weeks. He has just received a letter from a real estate agent in South Carolina, which stated that the 1919 tobacco crop, although not up to expectations in quality, is bringing from 50 to 60 cents, and that the price of farm land has increased proportionally to \$200 to \$300 per

Mr. Wallace predicts a recordbreaking price for tobacco in Kentucky when the fall season opens, which will be followed by a proportionate increase in the price of farm land and city real estate. Wallace is holding a series of auction sales all during the month of August. in Fayette and Danville.

MULE ARISTOCRATS ENTERED

A mule stake carrying premium awards of \$1,000 was introduced at the Kentucky State Fair in 1918. This was a sum hitherto unprecedented in a like event and the announcement aroused keen interest among breeders and owners.

At the Fair to be held in Louisville Rose Electric Fountain," said to year, this same money will be offered and in consequence the entry lists will carry some of the best stock in the

Of the assured entries it is said that one of the greatest jack colts ever foaled will come from Montgomery county, and a yearling and jack like wise said to be wonders. Clark county will be represented by a jennet between six and twelve months old whose ears measure 32 inches in length and who is in other respects a wonder. Nelson, Washington and Shelby are boasting of the stock they will send and Boyle county which has carried away the ribbons for a number of years, expects to repeat the performance. Altogether the muic and jack class bids fair to be one of the liveliest stock features of the seventeenth annual celebration.

WAR BALLOON EXHIBITION PROMISES THRILLS AT FAIR

The Kentucky State Fair manage ment is unable to state definitely as yet that an exhibition of balloon flights and parachute drops will be an unprecedented attraction at the Kentucky State Fair the week of September 8-13, but there is every indication that the Government will sanction the showing which will be one of the most interesting the Fair has ever pre gallons of water hurled into mid-air sented.

It is the plan and plea of the State Fair management that the 31st U. S. Balloon Company be stationed on the grounds during the Fair and if this request is granted the entire company will figure in balloom ascensions, parachute drops and balloon flights which will give sensational illustration of war-time maneuvers in the air.

Among the "sky vessels" will be the great "Sausage Balloons" used in observation work during the war, and the dirigible balloon will also be an attraction of unusual interest by reason of the fact that there are few pilots in this balloon it is said, by reason of their enormous size and their adapta-

But the attention and interest of the crowds will undoubtedly center on the Good, rousing excitement will be mammoth captive balloons in which door Circus, with its rough-riding, and thereby gather some idea in adoffered in the Polack Brothers Big In- passengers may daily soar cloudward animal acts and gun-play, as well as vance of the method of travel prein the Hager motorcycle and automo- dicted as a common carrier in the near

U. S. Leads In Hogs

The U.S. has produced an enormous amount of meat in the past few years. The country owns about one seventh of all the cattle in the world, but it is in growing and fattening hogs that the U. S. excels all other countries. About one third of the 180,000,000 swine on the globe are right here in the States. This year the U.S. has more hogs than her ten nearest competitors combined

155 1-2 ACRES Fine Land

WEDNESDAY, SEPT. 3rd, 1919

COMMENCING PROMPTLY AT 10 O'CLOCK A. M. RAIN OR SHINE

The land of Miss Mary Miller and Mrs. Margaret Miller Conlee on the Duncan Road, about five miles from Richmond, Kentucky. The entire tract contains 155 1-2 acres.

This land is located in the midst of the best body of land in Madison county, and will raise anything that bluegrass land produces.

It will be a money maker for the man who buys it.

Upon the land is a large brick dwelling with all necessary outbuildings, barn and everything necessary for profitable farming.

THIS IS A REAL KENTUCKY HOME

All in grass except about 30 acres, which is now in corn and tobacco and speaks for themselves.

This farm is to be sold for the dissolution of a partnership and the sale will be absolute without by-bid or reserve.

Terms will be liberal and will be made known on day of sale.

Land will be surveyed to the purchaser.

Do not miss this sale.

DON'T FORGET THE DATE-WEDNESDAY, September 3, 1919, at 10 A. M. The undersigned will take pleasure in showing this farm to propective buy-

P. EVANS, Real Estate Auctioneer: Bolivar Bond RICHMOND, KENTUCKY

Another attraction of aqueous type is the sensational performance of the world's champion lady fancy and trick diver, Lucile Anderson, and her company of mermaids. Miss Anderson is known as the "Amphibean Wonder" and her under-water feats and endurance tests are said to be unbelievable. An exceptional feature is heralded in a show called "Chinatown." Unlike civilian life who can manage them and

company. There are said to be 15,000

by this fountain at every performance, the thunderous waves falling over sta-

tuesque groupings of Venus-like living

models while aurora-like flames color

the falls and graceful nymphs dance

the average flimsy pretense at Orien-they are therefore seldom on exhibitalism, this offering is said to faith- tion. Public attention will center on fully duplicate the dark, mysterious underground world which was once San Francisco's' Chinatown before the bility to maneuvering, bombing, etc. great earthquake wiped this cesspool of sin from the earth.

bile racing features which will be future.

It was Benserade, we think, who wrote:

In bed we laugh, in bed we cry, And born in bed, in bed we die. The near approach a bed may show Of human bliss to human woe.

Well, if that's the case, a man's bed comes pretty close to being a pet institution in his career.

It gets, in fact, to be a habit.

¶ And every man is fussy about his habits, by cracky. If the sleep habit consumes one-third, or even onefourth of a man's time, you can bet your bonnet he's going to be mighty particular about the kind of bed he sleeps in—

Let Congress Act

At least two opportunities have been given to the Republican Congress to move toward a reduction in the cost of living without at the same time impairing the wages of workers or the fair profits of producers. The Federal Trade Commission's reports on the packing industry, which is charged with an attempt to restrain trade and monopolize the production and distribution of staple foods, and Governor Cox's attack on exploiters and profiteers in Ohio, give inspiration and occasion for a Congressional inquiry and remedy if the Republicans really wish to legislate for the entire country instead of acting or omitting to act for the benefit of special in-

There is a general feeling that the present expense of living has outrun any fair ratio to the cost of producicn and distribution. There is a conviction that those who supply the public need for food and clothing and other commodities are manipulating profiteering without conscience

The people look to the Republican Congress for action that will correct the conditions of which the Federal Trade Commission and Governor Cox-among thousands-are complaining. There can be no escape from this duty the people without incurring the odium of indifference to the country's welfare or the guilt of collusion with the profiteers. The Democrats have shown the way. Let the Republican majority suit its acts to the necessities.

COMMISSIONER'S SALE

Harry White's Heirs Plantiff

vs. Harry White's Heirs Def. Pursuant judgment and order sale entered in the above styled cause by the Madison Circuit Court at its May term 1919, the undersigned Commissioner will expose to public sale to the highest and best bider in front of the Court House door Richmond, Ky., on Saturday Aug.

30th, 1919, at 11 a. m., the following escribed property Viz:

Best Land In **Fayette** County

Five miles from Lexington on the old Frankfort pike will be sold in four tracts with good improvements and good water on each tract.

Wednesday, August 27th

ON THE PREMISES-

Having decided to quit farming and devote our entire time to our TO-BACO WAREHOUSE BUSINESS, we are offering at public auction our farm located about 5 miles from Lexington on the Old Frankfort pike, and adjoining the Stock Farms of Mrs. Dinsmore Steele, C. C. Patrick and E. R. Bradley. Without fear of being accused of boasting, we are frank to say that this is one of the best farms we have ever been connected with. It needs no real estate boost, as the growing crops on this farm speak for its productiveness.

It is a recognized fact that the best producing land in Central Kentucky, "and that means the world" is down the Old Frankfort Pike to Midway, and north to Paynes Depot section along the banks of old Elkhorn Creek. The soil is of the Red Phosphate formation, which means the quickest and surest producing soil on earth. "This farm is in that section." If you are in the market for a farm, go see this before the day of sale, or call the undersigned, and we will be glad to take you out and show it to you.

TRACT NO. 1-Conaining 166 acres fronting on the Old Frankfort Pike, is known as the home tract with the main residence and all necessary outbuildings, such as garage, stock barn, corn crib, tenant house and 18 acre tobacco barn, all of which are in splendid repair. Also is well watered by everlasting springs, and all fences good as new. 100 acres in Blue Grass and clover.

TRACT NO. 2-Containing 107 acres, facing on the Old Frankfort Pike, on the north and the Elkchester pike on the south, is all in grass, except 15 acres now in tobacco The improvements consist of good tenant's house and outbuildings, and a new 15 acre tobacco barn just completed. All fences practically new, and is well watered with everlasting springs.

TRACT NO. 3-Containing 137 acres, facing on the Elkchester pike, and one mile from Elkchester station, has a new 15 acre tobacco barn just completed and all fences good as new. Well watered by everlasting springs. 60 acres of this tract is now in clover and the balance in corn.

TRACT NO. 4—Containing 65 acres on the Elkchester pike and within 3-4 of a mile from Elkchester station, has on it a good house, a 5 acre tobacco darn, and other necessary improvements, all in good repair. 50 acres of this tract is in old Blue Grass sod, the balance in corn, well fenced and well watered by two everlasting springs.

Mrs. Hanger's Luncheon

Mrs. Harry B. Hanger Sr. entertained with a beautiful luncheon at the Country, Club, Lexington, Wednesday, Mrs. Paul Collins, of Bellingham, Washington, being the guest of honor. Covers were laid for the following guests: Mrs. Paul ollins, Bellingham, Washington, Irs. Harry B. Hanger, Sr., Mrs. Waller Bennett, Mrs. A. K Mc-Cowan, Mrs. B. L. Middelton, Mrs. Harry Hanger, Jr., Miss Helen Bennett, Miss Elizabeth Hanger and Miss Margaret B. Parrish, of Richmond, and Mrs. Nelson Gay, of Winchester, Mrs. Silas Mason, Mrs. Henry Bos-worth, Mrs. L. N. Bosworth and West Virginia, on business this week. Mrs. John Coleman, of Lexington. The guests were seated in a private dining room where visit. be utiful place cards marked each seat. The table decorations were especially attractive, consisting of a lovely basket filled with yellow cannas and white hydrangeas, tied with a bow of tucky mountains. yellow tulle, which gave a beau-

Second Street -

tiful effect to the long table. Yellow and white mints were in cut glass composis at each end. An elaborate four-course lun-cheon was served, consisting of iced melon, fried chicken, beaten biscuit, peas, cor, pudding, tea, tomato salad on lettuce leaf, peach cream and individual cakes, nuts and mints.

After the luncheon, the guests enjoyed the cooling breezes on the long verandas, and it was a picturesque scene to watch the numerous golf players, the ladies attired in all the bright shades of the season, which with nature's gorgeous background of lovely green, at this famous resort and the summer breezes made one feel as if the seashore was near. Another attractive feature enjoyed by the guists was the swimming pool, which was as clear as crystal and filled with many beautiful merma ds.

This hospitality of Mrs. Hanger was thoroughly enjoyed by all and was quite in keeping with the many charming affairs given by this gracious hostess.

Miss Grace Rowlette entertained Saturday evening for Misses Beulah and Mayme Flannery, Mable and Nell Cecil, of Heidelberg.

Master Burton Farris, Jr., entertained about 60 of his small friends at the home of his parents on High street on Tuesday afternoon. Games of all kinds were enjoyed and the youngsters had a merry time. Delightful ices and cakes were served during the afternoon.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and luct suffered terribly" just suffered terribly,"
she says. "As my suffering was so great, and
he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me for my dui did for me, for my nerves and health were about gone."

TAKE

The Woman's Tonic

She writes further: am in splendid health . . . can do my work. I feel I owe it to Cardel, for I was in dreadful condition." If you are nervous, rundown and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give

JUDGE CHENAULT

Writes From South About A Mississippi Fish Fry.

Editor of Richmond Register:-

I thought some of your readers mght enjoy reading a few lines from the sunny southland and if you think so may insert this:

We had with us on the 6th and 7th inst, Mr. J. C. Hendren and his sonin-law, 'Mr. Broaddus. You have no idea how much pleasure it gives us to have one from old Madison county. We therefore state to any of the home folks they are welcome at Ivy, and we sure wil lkill a chicken and churn whoever may come.

I headed this note a Mississippi Fish Fry. We have nearly everything here to eat that can be procured anywhere, but I believe we excell most inland places in the abundance of fish. It is a common thing to hear one tells of being at a thing to hear one talk of being at a fish fry or saying he is going to one.

On Thursday last we were notified or in some got word that on the next day there would be a fish fry at our flowing well in the bottom. We learned in some way or from some one we were expected, but were unone we were expected, but were unable to learn who was really in charge of the affair or expected to direct proceedings. A Mr. and Mrs. Ballard, of West Point, are visiting in the neighborhood, and it was for their benefit especially, the fry was to be had. It was evident on Friday morning that the fry was to certainly take place. Seins were in evidence and negroes a plenty were being loaded with wagons preparatory. being loaded with wagons preparatory for transportation to Shuqutonshee River where the fish were to be In the educational campaign Flannery, Dr. R. H. Crossfield, J. caught for the fry. I was anxious to

A large kettle that would hold about the first cooks and houseboys along to prepare the fish for cooking. A large kettle that would hold about the first cooks and houseboys along to prepare the fish for cooking. ten gallons was placed on a fire and filled about two thirds full of lard. Shortly it was boiling and a receptacle that reminded me of our muzzles to prevent our mules from eating corn while plcwing, was filled with the dressed fish and lowered into this boiling lard. In a short time the fish was brown and emptied into a bucket and this was kept up until we had two water buckets full. Table cloths were then spread on the soft Bermuda grass and other edibles that the ladies had brought were put on these cloths. One dish, or edible, was absolutely new to me. In the same pot where the fish was minutes we had fried corn on the I must say to you that it was the best fried corn I ever ate.

No better fish or corn was ever eaten, according to my judgment I am certain the others present thought the same, for fish, corn and other edibles that the ladies brought vanished fast. I feared that the great crowd of negroes would have to go unfed, but not so. There must have been a bushel of fish after their heads were removed and after every white person had eaten there was quite a lot left, but not enough to feed the negroes. I felt bad about it for they had done all the work and I wanted them fed. I spoke to one of the negro cooks and asked her if she thought she could strech the remainder so that every negro present would get a piece. She said to me, "Why dose niggers will git plenty," at the same time raising a newspaper and displaying about a bundred fish heads ranging in size from a tea cup to a saucer, and continued, "dese goes in de pot last an' de niggers like 'em better dan any part of de fish."

Her explanation reminded me of a

song I used to hear the negroes sing when I was a child at Old Cane Spring, two lines of which with the ran thus:

"Old Massa and Missus killed a

sheep Hadiddleding, hadiddleing He gave poor nigger head and feet" At any rate every one got all they could eat and a more enjoyable neighborhood gathering seldom, if

ever, occurred.

JOHN C. CHENAULT.

Exhibit Will Be Bigger

Last year visitors to the State Fair were pleased and impressed with the exhibit of the College of Agriculture in the Grand Stand building. Live stock, dairying, solis and farm management will all have impressive displays Lady Walnut Hill, the Kentucky hen that holds the world's record for non-stop laying, will be one of the features of the exhibit. The farmer's good wife who enjoys the canning display made by the club girls, will be glad to have an opful hen.

The State Railroad Commission has entered an order requiring the Louisville and Nashville Railroad Company and the Chesapeake and Ohio Railroad Company to build a new passenger depot at Covington, which must be completed by June 1, 1920.

PUBLIC

573 Acres of Blue Grass Land

Every Foot of Which Raise Tobacco

On Tuesday, Sept. 2, 1919

AT 10 O'CLOCK A. M., ON THE PREMISES

I will offer for sale publicly for Mrs. Mary Harris Clay, of Bourbon county, her farm situated about six miles south of Richmond, at Harris Flats on the Louisville & Nashville Railroad, and on the Menalus pike, in Madison county, Kentucky.

This is part of the famous "Blythewood" farm which was owned and operated by the late Major John D. Harris. This farm is well known all over Kentucky, and everyone who knows it is of the opinion that there is no better land in world.

· Every acre will produce the finest grade of tobacco. All of the farm except 90 acres is now in grass and has been for a number of years. The grass is of the finest quality and never fails to produce a grade of cattle which is unsurpassed in the Bluegrass region.

The whole farm is now ready for the production of tobacco, corn, hemp, wheat, in fact anything that any farm in this climate can produce.

This Land will be sold in Tracts as follows:

TRACT No. 1-Situated on the east of the Menalus pike, no improvements except good stock scales and lot; good pond fed by an everlasting spring. All in bluegrass and has been for a number of years. Bounded by the L. & N. Railroad on the north and the Menalus pike on the west, containing 142.62 acres.

TRACT No. 2-Situated on the west side of the Menalus pike and fronting on the L. & N. Railroad on the east. On this tract is a four room cottage and two tenant houses and the LARGEST TOBACCO BARN IN MADISON COUNTY. Will hold 30 acres of tobacco. This tract is watered by a large concrete tank, fed by a spring, is all in bluegrass except about 70 or 75 acres which is in corn or tobacco. This tract contains 200 and a fraction acres.

TRACT No. 3—Adjoins tract No. 2 on the south and contains 229.87 acres. This tract is all in grass except 15 acres and every foot of it is ready for tobacco. This tract is watered by a large concrete tank fed by an everlasting spring, and also the south line of this tract is Silver Creek.

All of the above tracts front on the Menalus pike and have good building sites on them. It is very seldom that you have an opportunity to purchase land in . as high a state of cultivation as all of these lands. In fact, THERE IS NO FARM IN MADISON COUNTY IN AS HIGH A STATE OF CULTIVATION AS THE ABOVE LANDS.

THIS IS YOUR OPPORTUNITY

DON'T FORGET THE DATE_TUESDAY, SEPTEMBER 2nd, 1919, at 10 A. M. Terms will be made known on day of sale and will be liberal.

Mr. T. J. Curtis or the undersigned will take pleasure in showing this farm to prospective purchasers.

CRIMSON CLOVER IN SUNNY TENNESSEE

Winchester, Tenn., Aug. 21. Crimson Clover was first grown in Crimson Clover was first grown in Franklin county in 1880. It is estimated that in 1914 there were 100 acres; in 1915 400 acres; in 1916 1000 acres; in 1917, the average fell off due to late seeding and winter injury. In 1918, the farmers of this county harvested 4500 to 5000 acres. These figures give this county first place as a Crimson Clover center. It is bea Crimson Clover center. It is be-lieved that more seed will be har-vested this year in Franklin than in all other counties in the state combined. Buyers from the East have been ed. Buyers from the East have been there contracting by the carlot. Aside from the present stiff demand and good prices (it is rumored that the seed is being used in the dye industry), crimson clover should be grown for three important reasons.

Winter Grazing—For hogs, sheep, cows and calves, it is the best of all winter pastures. Pastured until April 10th, it gives a better yield and prevents lodging.

April 10th, it gives a better yield and prevents lodging.

Soil Builder—Crimson clover turned under is worth 20 loads of barnyard mandre, it adds 80 pounds of nitrogan to the acre. If 150 pounds acid phosphate are used, it improves the soil, even cut for seed, in fact we have found that the best wheat is grown after crimson clover that has been cut for seed.

been cut for seed.

Money Crop—The average yield in this county has been seven bushels to the acre. If this average is maintained the crop will easily net us well over \$700,000, and this high figure is now being conceded by our

figure is now being conceded by our bankers.

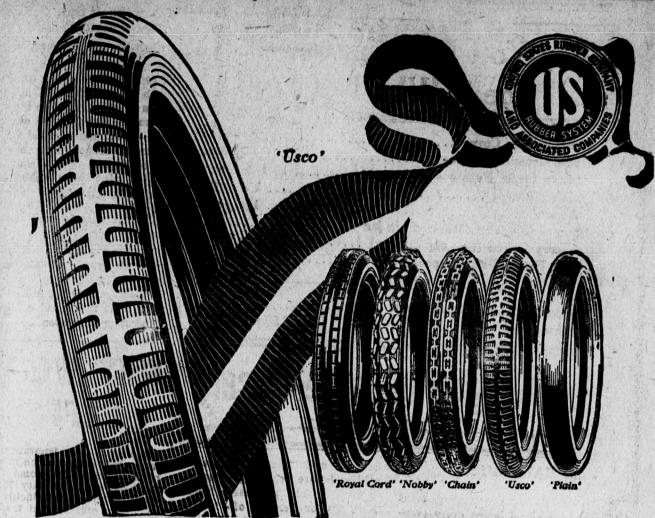

How To Succeed With Crimson Clover We prepare our land in July, prefer grain stubble. We subsoil and disc often until ready to seed. A good time seed it just late enough that the weeds will not take it before frost. Seed bed must be firm and well settled. Seed very shallow, when there is plenty of moisture. Avoid leaving furrows and ridges. In dry weather it is advisable to roll with corrugated roller, rarely advisable to use smooth roller, we use a Culti-packer.

Early seeding is best, if moisture is plentiful. Take advantage of the first seasonal rain in August and sow 12 to 15 pounds of seed per acre, increasing the amount on poor spots

creasing the amount on poor spots and on borders of fields to offset damages by grasshoppers. Crimson clover needs phosphate in abundance, clover needs phosphate in abundance,
—it will pay to use 150 to 200
pounds acid phosphate, in the increased yield of seed and nitrogen
in the soil. Lime and stable manure
are good. All these fertilizers should
be disked in before seeding.

Pasturing Crimson Clover
In Franklin county we pasture our
crimson clover a great deal. If
the seed bed is well prepared in the
latter part of July or early in
August and the season following that
is favorable, we find that the

favorable, we find that the

We Vouch for Them

Of all the tires that are made, -why do you suppose we prefer to sell United States Tires?

Because they are made by the biggest rubber company in the world. And they know how to build good tires.

They have choice of materials,—they have immense facilities,—they employ many exclusive methods.

They can go to greater lengths in testing, improving and perfecting the things that make good tires.

We find it good business to sell United States Tires.

And—you will find it good business to buy them. They are here-a tire for every need.

United States Tires are Good Tires

We Know United States Tires are Good Tires-That's Why We Sell Them

NOT ONLY FOR RICHMOND BUT FOR ALL OF MADISON COUNTY

DELIGHTFUL GROUNDS INDOOR ATHLETICS SHOWER BATHS LARGE ATTALETIC FIELD

During the winter months, when the clover is covered with snow, we encourage the feeding of cotton seed mear to our cattle and tankage to our hogs, however, later on, about the middle of February to the first of March, our milk cows and our hogs go to crimson clover. This reduces our nitrogenous feeds and increases the production of milk and pork to a large extent. Our cows have been known to double in milk production and our hogs to gain at least a quarter of a pound more per well also to have the floor of the barn tight, in order not to lose any seed through the cracks, the weight of the crimson the week of the 11th of this month. Good crowds of thoroughly interested people are reduces our nitrogenous feeds and increases the production of milk and pork to a large extent. Our cows have been known to double in milk production and our hogs to gain at least a quarter of a pound more per least a quarter of a pound more per day with half as much grain. When we tell you the story of crimson clover, we will tell you the story of crimson clover, we will tell you the story of preaches from the red barren hills to the carpet of green. You can walk all over the county on a perfect sod of crimson clover, and in every field you will find it literally covered with cows and pigs. There is no crop in this county that yields so much per acre in so many ways. Cattle are taken off the crimson clover about the 8th to 156h of April. When the crimson begins to boot it is time to remove the stock from the field, because after that stage if it is grazed it will not seed.

Time To Cut Crimson

Crimson clover will get so ripe that he will lose one-fourth to one-half of his crop and if it is cut very much earlier than this—while some least a quarter of a pound more per

that he will lose one-fourth to one-half of his crop and if it is cut very much earlier than this—while some of the heads are partially green—it will be difficult to keep the seed while it is going through the sweat, and even after it is hulled to keep the seed when it is sacked; then a large number of seed will be small and green when they should be large and yellow. This depreciates the value of the seed about one or two dollars per bushel. When all the leaves are yellow, with a few at the bottom that are brown, is pretty good indication that it is time to cut the crimson. By this time you will generally find that the heads are brown also.

brown also.

Saving Of The Seed

We cut our crimson clover with the crimson clover reaper. We do most of our hulling with the Birdsell Huller. The reaper has a side delivery rake which throws the crimson to one rake which throws the crimson to one side out of the way of the team and also bunches it. It can generally be taken up then the following day if the sun is hot and the seed are very ripe when cut, in this event, if there is no rain, you will get the very best seed. In case you have rain it is never advisable to rake it as you would hay or red clover, but it should be turned over easily with the handle of your pitch fork if this is necessary in order to have it dry.

to have it dry.

The seed are very, very easily hulls una perpusu eq pinous pur me per greatedeal of care. You should have a tight wagon be to haul them in, or

dairyman and hogman in his county. The seed from falling through. It is During the winter months, when the clover is covered with snew well also to have the floor of the barn, held at Maysvine, Flemingsburg and
